A WHOLESALE DRUG HOUSE

Greensboro To Have One at Last.

NO LONGER RICHARDSON & FARISS

The Former Will Immediately Establish a Wholesale and Manufacturing Drug House Here.

In today's paper appears the dissolution of the popular drug firm of Richardson & Fariss. For some time Mr. Richardson has been trying to dispose of his part of the business in order to devote himself to the wholese trade exclusively. The deal was finally consummated as above and Mr. Fariss becomes sole proprietor of the present business, while Mr. Richardson will establish a wholesale drug house here.

Mr. Fariss has been associated with the business which now passes under his control for the past ten years; for three years he was with W. C. Porter, whom he succeeded as a partner with Mr. Richardson, while the firm of Richardson & Fariss has been doing business for seven years.

The firm of Richardson & Fariss was one of the best known in the state and the business under the management of Mr. Fariss, who is one of the best equipped of our young business men, is not likely to lose any of its prestige. There will be no change in the nature or method of the business.

THE NEW FIRM.

Mr. Richardson as stated will establish an exclusively wholesale and manufacturing drug house here. This much is assured. Who will be associated with him, what the style of the firm will be and whether or not it will be incorporated are matters that will be determined shortly, possibly this evening. It is proposed to start the enterprise as quickly as possible and by or before the first of March it will be doing business. The new house will put at least three men on the road, one to travel the railroad and two to work the country. The local retail druggists regard the enterprise favorably and will doubtless give it their support.

There is no question, as the Telegram pointed out a few weeks ago, about this being a good field for a wholesale drug house There is not a better in the State. Mr. Richardson knows the field thoroughly and should be able to make the most of it. The new venture should receive the heartiest support of the people here.

An Excellent Show.

A large audience greeted Gorton's Minstrels at the opera house last night. The company opened with an overture that pleased everybody, the ensemble of the chorus being very harmonious. In solo work the members of the organization are excellent.

The Gorton Sextette and the Crescent City Quartette were very popular with the audience, their singing being sweet and harmonious—Derby (Conn.) Transcript.

At the Academy of Music February 15th. Seats on sale at Gardner's drug store.

The Silence Was Painful.

The Citizen has the boss hog story of the season to tell and if there are any who can beat it they should speak up. Recently D. R. Noland, a merchant of Pines Creek, in Haywood county, killed a hog that weighed 735 pounds gross. After being dressed the porker weighed 649 pounds. Mr. Noland was in town yesterday with a quantity of tobacco. He'd like to know if anybody else hereabouts has butchered a 700 pound pig.—Asheville Citizen.

Where He Blundered.

Ah, ha! For speaking of President McKinley's "natural and inevitable coarseness," for saying that he is is "weak and catering to the rabble," and that he was a "low politician," Senor Dupuy de Lome, late Spanish minister at Washington, is without any job this morning. If 'Squire de Lome had been in this country a little longer he would have learned that even American citizens much less foreigners, cannot always afford to tell the truth.—Charlotte Observer.

THE CUMNOCK COAL MINE.

Working on a More Extensive Scale Than Ever.

From the Chatham Record we learn that the coal mine at Cumnock, in Chatham county, is now being worked on a more extensive scale than at any previous time in its history. In addition to the force heretofore employed there, twenty-two skilled miners from Pennsylvania arrived last week and were put to work. One hundred tons of coal a day are now being furnished to the Seaboard Air Line system of railroad for their locomotives, besides the quantity furnished other companies and individuals.

In addition to the increased out put of the Cumnock mine much interest is being aroused in the development of the other valuable deposits of coal in the valley of Deep river.

The Romance Ended.

Our readers remember the romantic marriage, last fall, of Mr. James Gilliam, of this township to a widow from New York, who had advertised in a newspaper for a husband. Well, just as might have been expected, this romantic marriage has ended in a separation, for on last Tuesday, Mrs. Gilliam returned to her Northern home. And there was quite a contrast between her coming and going—between her arrival and departure. When she arrived here Mr. Gilliam with all the joyousness of an expectant groom met her at Moncure and escorted her from there to this place and hired a carriage to take her to his home, about three miles from here. But when she departed she walked alone from his house to this place.—Chatham Record.

HURRYING UP SPANISH SHIPS.

Tropedo Destroyers Being Manned and Crews for Still More are Arriving.

By Wire To THE TELEGRAM.

Washington, D. C., Feb. 11.—The government is deeply chagrined at the cavalier way in which Spain has treated the De Lome incident. There is a growing disposition not to permit Spain to withdraw the offending minister but to hand him his passports, escort him to the steamboat and hustle him off in disgrace.

HURRYING HER VESSELS.

Glasgow, Feb. 11.—The Spanish government has requested the Clyde Bank Shipbuilding Company to push the work on the Spanish vessels in course of construction in the company's yards. The company's dispatches from the yards yesterday say that the high speed torpedo boat destroyer has been fully manned with Spanish officers and crew. The other torpedo destroyers are ready and their crews have arrived.

DONE FOR EFFECT.

Madrid, Feb. 11.—The greatest activity characterizes the naval work now in progress in the Spanish yards. Repairs and construction are being pushed under the greatest pressure. This display of energy on the part of the naval authorities tends to satisfy the prevailing public excitement.

STOPPED NEGOTIATIONS.

Washington, Feb. 11.—President McKinley has suspended indefinitely negotiations with Spain for a bread treaty between the United States and Cuba. Negotiations were broken off because of the revelations in De Lome's letters that Spain is negotiating with the United States only as a bluff.

SHE CAME BACK TO LIFE.

Mrs. Benj. Lewis Narrowly Escapes Being Buried Alive.

Norfolk, Va., Feb. 10—A remarkable case of suspended animation occurred at Lambert's Point. Mrs. Benjamin Lewis, who lives at that place and whose health has been generally good, was taken ill on Tuesday, and her family physician was promptly summoned and prescribed for her. Her condition was not thought to be dangerous until she became unconscious and all efforts to rouse her utterly failed. Another physician was called in consultation with the family medical attendant and heart failure was given as the cause of the supposed death.

All preparations for burial were made, and the watch over the dead was begun. One of these watchers noticed what seemed to her a flush on the face of Mrs. Lewis, and immediately reported her surmise to others in the house. Though the appearances of her death were still in the body, the family physician immediately began vigorous measures of resuscitation, and was rewarded by a return of consciousness and healthy respiration. Mrs. Lewis is now on the road to recovery.

More Accurate Service in Greensboro Than Baltimore

Mr. C. M. Vanstory had his little girl's eyes examined in Baltimore last year and went with the prescription to one of the largest and best known optical houses there to have the glasses made up. FORTUNATELY one of the lenses got broken recently and was carried to the Greensboro Eye Specialist to be replaced. He saw at a glance that neither lens accorded with the prescription, and so changed them both. Mr. Vanstory sent the old lenses with an explanation to the occulist who had given the prescription and in reply received the following:

IS CO-EDUCATION A SUCCESS?

The trustees of Richmond College have voted to admit women to the classes of that institution. This is in line with an educational policy that has gained ground of late years in various quarters of the country, but one that has not justified the large hopes builded upon it.

Co-educetion, even in higher institutions, has not been by any means an unqualified success. Many eminent educators deny that it has been a success at all. It has its warm advocates of course, but it is still an open question, whether the sexes are not best educated separately.

There have been instances where institutions, once for men exclusively, have become co-educational to their distinct detriment. Of two southern colleges this has been notably the case.

It is the popular thing in this day and time to advocate co-education. It is supposed to be advanced, and liberal and other "just perfectly lovely" things, but all the same college men generally recognize the fact that when a male college is turned into a co-educational institution it means the loss of that distinctive spirit which has marked the college, has made it different from other colleges.

It is not at all a question as to whether women can do the same amount of work as well as men; it is not a question of their right to enjoy equal educational advantages; concede both of these points. It does not follow that co-education is the proper method.

There is about every educational institution of any standing a certain tone, a spirit, an atmosphere that is as distinct as the personality of an individual. By it and through it the characters of students are influenced. It is what makes an institution great or small. So indelible is tis impress upon the character that alumni, who were strangers, have been known to recognize each other by it as having been educated at the same college.

It is not money, it is not a learned faculty, it is not material equpment that make a college. These are necessary, but they are far from all that is necessary; so far that the efficiency of a college as an educator bears no recognizable ratio to them. Colleges can be mentioned that have all of these but are poor educators.

It will readily appear, therefore, how colleges that are now doing excellent work as educators of men may be ruined by a change of policy and the introduction of new and disturbing elements. The customs, the traditions of a college have so much to do with its work. They are the soul of the college.

Women should have equal advantages with men, but at separate institutions. This is a belief that is gradually gaining ground among conservative educators and there-action against co-education, as against woman suffrage, is already setting in.

Minister Dupuy De Lome should have taken warning from the untoward fate of J. Wiley Shook.

Our esteemed contemporary, the Winston Republican, comes out in an eight page form this week very greatly to the improvement of its personal appearance. We congratulate the enemy.

The press reports say that the potato crop is short and the Irish are starving. Erin should import a few choice brands of American politics. That is a crop that never fails an Irishman.

The statement that he will be re-instated shows that J. Wiley Shook knew what he was about when he "bent the pregnant hinges of the knee" to the Dook of Richmond Hill.

Whether the ports of China are opened or closed it is safe to say that the mouths of diplomats will continue to transact business in the usual fashion.

De Lome did not write an open letter, but the sequel was a dead open and shut game on the minister for all that.

Paris is thinking of cutting down the trees on the strip of island projecting down stream from the Pont Neuf behind the statue of Henry IV, and setting up a monument instead in the shape of a stone construction representing the "vessel of Lutetia" on the city arms. Something toKnow.

It may be worth something to know that the very best medicine for restoring the tired out nervogs system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centres in the stomach, gently stimulates the liver and kidneys, and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c or $1.00 per bottle at C, E. Holton's drug store.

EXPERIENCE
Is a Good Teacher

A VOICE FROM SALISBURY.

Salisbury, N. C., Dec. 4, 1897.

From my own experience I have found Mrs. Joe Person's Remedy the best medicine known for building up the health in general. The greatest remedy in the world for dyspepsia, eczema, aches and pains and breaking up colds. Nine years ago I suffered with a chronic cold which resulted in a bronchial affection and repeated serious troubles of the throat, which was alarming. I was affected with something like croup and again and again for years was subject to attacks of laryngitis I tried Mrs. Joe Person's Remedy and am now free of all those troubles and have been ever since and feel confident the Remedy has made the cure. I have kept it in my family for years and have always found it invaluable for old and young. The extraordinary effect of this grand remedy is sure to be realized—by all who give it a fair trial.

Sincerely,
MRS. M. E. RAMSAY.

WALKING ON MISSOURI'S BED.

Part of the River Drained for a Time By a Dam Just Completed.

Helena, Mon., Feb. 9—The upper Missouri, or that part of it below Canyon Ferry, is dry on account of the dam which was completed yesterday by the Helena and Water ahd Electric Power Company, seventeen miles north of here. Although the river at that point runs more than 4,000 cubic feet per second, according to the Government surveys it will take the river two days to raise its level the five feet now remaining before it will flow over the dam.

A lake is being formed by the backwater of the dam, which extends five miles up the river and covers six square miles. Meantime the river below the dam is practically dry, a child being able to ford it without danger. Men are prospecting in the river bed for gold, while others have taken out large catches of trout and other fish that have been left in the pools formed in the river bed.

The dam is thirty-four feet high and has been built at a cost of $450,000. In a few weeks it will be furnishing electrical power to this city.

No Foreign Loan Now Needed.

Paris, Feb. 10—Official advices received by the foreign office from Pekin, say Japan has notified China that she intends to keep Wei-Hai-Wei permanently.

China is notifying the Chinese ministers abroad to this effect, directs them to notify the powers also that, in view of this, no foreign loan is required, as the purpose of the loan was solely to pay the Japanese war indemnity.

Hudson presents a bill of fare for tomorrow in his ad.

Joseph J. Stone returned to the city last night from Louisburg.

Messrs. Bowles & Grissom have an announcement in the penny ads today. Read it.

Mrs. Claude Smith and daughter left today for a visit to friends in Baltimore.

Mrs. Crocker removed today from the corner of South Elm and Lee streets to the Groome builing.

The two handsome cottages being erected by Mr. John Donnell, on McAdoo avenue, are nearing completion.

Miss Evelyn Andrews is visiting Mrs. W. W. Ellington and not Mrs. Neil Ellington, as we reported yesterday.

Mrs. Judge Douglas left on 36 today for Baltimore to visit her father Judge Dick, who is reported as getting on very nicely.

Col. J. E. Mowbray, the eloquent Keeley lecturer of Philadelphia, who has been in the city a few days, left at noon for Reidsville, where he will lecture tonight.

The C. F. and Y. V. shifting engine threw an empty box car off the track last night, completely turning it over. It barely missed a small house in which some trainmen were sleeping. Fortunately no one was hurt.

Policeman Scott told us today that "The Meadow" was being ploughed up and would be planted in corn. This is right. We have always believed in a diversity of crops and the section where "cain" was formerly raised will now produce corn.

The Guilford Roller Mill Co., successors to the Oak Hill Roller Mills, have an advertisement in the Telegram. They guarantee first-class flour to the trade, and also do custom work. Their representative will, in a few days, call on the local dealers.

The commissioners have selected a location for a new bridge across Haw River, near Summerfield. The bridge force, now completing some work in the eastern part of the county, will soon be removed and the Haw River bridge built. The plans were drawn by Prof. Bandy.

A gentleman stepped off the northbound morning train and walking up to the South Elm crossing and looking up street, exclaimed: "Why, I thought Greensboro was only a small place. I am surprised. This is one of the most thrifty and enterprising looking towns which I have seen south." And so it happens almost every day, somebody is surprised with Greensboro.

Death of a Little Boy.

Died, February 8, 1898, little Olan, son of Mr. and Mrs. R. W. Whitt. He was only a year old, but he had won the hearts of the family who will grieve at his loss.

The young and tender bud was plucked by angel hands to bloom in the beautiful garden above. May we all meet him where family ties are never broken. A Friend.

Cupid Takes a Hand.

A prominent feature of the Valentine party to be given by the ladies of St. Andrew's Monday night will be the uniting of hearts. Young man, be present and find the other half of your heart.

THE SCANDINAVIAN EDITORS.

They Spent the Night Here Going to Norfolk This Morning.

The party of Scandinavian editors, under the direction of J. F. Olsen, agent of the Land and Industrial department of the Southern railway, who have been touring the country came in from Asheville last night and stopped at the Benbow. They left for Norfolk this morning via Raleigh and so did not have time to see much of the city. Mr. Olsen says that the company will return this way in the course of a week or so.

These editors represent a constituency of about 100,000, composed, Danes Swedes and Norwegians. People of these nationalities are among the best farmers of the west, and the tour of the editors was arranged by the Southern railway with a view to turning the tide of immigration toward the south as a superior agricultural country. The party left Chicago on the 7th instant and will return to that place about the 19th. The party stopped previously at Louisville and Lexington, Ky., Harriman and Knoxville, Tenn. It will go to Raleigh, Norfolk, Washington and Baltimore before returning.

The party is composed of J. A. Jersild, editor of The Dansen (The Dane) Neenah, Wis.; Halle Steensland, representing the Amerika-Norden and the Lutheraneren, Madison, Wis.: N. F. Hansen and wife, representing Krinden og Hjemmet (Women and the Home,) and the Farmeren, Cedar Rapids, Iowa; G. Albert Linden of the Svenska Journalen, Omaha, Neb.; C. O. Olsen of the Sendebudt (religious, Methodist) Chicago; S. T. Gunderson of the Rasmussen Publishing company Chicago, which publishes six papers, among them the Chicago-Posten, Ugebladet (Minneapolis), Heimdal (St. Paul) Scandinavian Farm Journal (Minneapolis); L. M. Jarrell of the Svithiod (Swede), Des Moines, Iowa; J. F. Johnson, of the Times, Racine, Wis.; W. B. Wingren of the Nya Veco-Posten (weekly Post.

Barker-Tyler Marriage.

The Salisbury World of yesterday says:

"Last night at 7:45 o'clock Miss Beulah Barker and Mr. Harold Tyler two of Salisbury's popular young people, were united in the sacred bonds of marriage at the home of the bride's mother Mrs. W. R. Barker.

After the ceremony they were driven to the residence of Capt. T. B. Beall on Fulton street where they will board for the present. They postponed the bridal trip, owing to the fact that Mr. Tyler is suffering intensely with a rheumatic ankle and is unable to walk without the aid of a crutch. They will probably leave Sunday morning for Jacksonville, Fla., where they will spend their honeymoon."

Miss Beula Barker is known here having visited here last fall. Mr. Tyler is also known here.
